trailer & towing

The stock mini clutches have a few problems. They heat up quickly, start slipping, and then they just wear out. Our high performance clutch is a high-rev, higher engaging clutch that stays cool and is tough as nails. Improved performance across the power band. Adjustable engagement. Direct OEM replacement on all 120s. Includes 10 tooth top gear.

### HI PERFORMANCE CLUTCH

770310 69.95

### MINI GEARS

Our gears are precision CNC machined from billet aluminum, not stamped like others. They are close tolerance, true pitch gears that are silent and provide optimum, non-binding performance. Lightweight for less rotating resistance, durable for lasting performance. 40/420 chain.

770326	44.95	26T
770328	44.95	28T
770330	44.95	30T
770332	44.95	32T
770334	44.95	34T

770336	44.95	36T
770338	44.95	38T
770339	44.95	39T
770342	44.95	42T
770345	44.95	45T

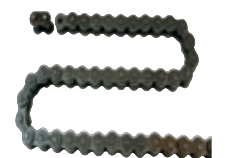

### 120CC MINI SLED CHAIN KIT

Sportech's Performance Chain Kit is 3.5 feet of premium, high performance 420 series roller chain. This is seamless, super-durable chain built to withstand high heat and the abuse associated with all forms of snowmobile racing. And this chain is silent, non-binding chain for less drag and more speed.

770350 19.95 kit

### MINI DRIVE HUBS

## MINI SLEDS - COMPETITION ACCESSORIES FOR THE 120CC CLASS SNOWMOBILE!

### GOVERNOR BY-PASS KITS

A must for all 120cc sleds! Effectively eliminates the effect of the governor while keeping the governor system intact. Comes with complete instructions. This is a must for all sleds that are going to be running taller gears.

770371	Arctic Cat	6.95
770370	Polaris	6.95
770372	Ski-Doo	6.95

### SPORTECH MINI TACH

The Sportech Mini-Tach is the ultimate mini sled tuning device! It accurately records up to 10,000 RPM and also meters total engine run time. RPM is recorded as the engine runs; engine run time is displayed when the engine is off. This is the best way to determine proper mini sled gearing, and it's also an excellent way to monitor engine use for proper on-time maintenance. Mini-Tach will work on all 1 or 2 cylinder 4-stroke engines with electronic ignition. Ideal for ATVs too! Installs in just minutes with no special tools or mechanical experience.

770295 69.95

### XCR-120 SKIDPLATE

2 Colors • The XC-20 is a heavy-duty, custom fit skidplate designed to provide excellent belly pan and critical suspension component protection for the hot new Polaris XCR-120. The XC-20 is molded from the same indestructible High Molecular Weight Polyethylene as our big boy skidplates.

XC2013	94.95	Blue
XC2017	94.95	Yellow

### ARCTIC CAT Z120

Carbide Runners - Additional holes may be required				
BRAND	PART#	DESCRIPTION
